

Amped and MANTL Sign Transformative Agreement

NOVEMBER 2021

- Amped Energy Services Ltd. and MANTL Canada Inc. have entered in a contractual arrangement to merge their rod rig divisions
- This unparalleled combination of rigs, shops and staff will create the largest provider of conventional rod rig and coiled rod service in Western Canada
- Significant opportunities for operational and financial synergies will benefit Amped, MANTL and all customers
- Effective December 17, 2021, Amped will become the operator of the MANTL fleet

TO OUR CUSTOMERS

- Throughout the process, our customers will continue to receive the same high-quality service that they have come to expect from both Amped and MANTL
- Operations will continue without interruption under the Amped banner with the full support of both Amped and MANTL management and staff
- The combined fleet size and extensive geographical footprint will provide a strong platform to provide our customers with greater efficiencies and service offerings
- Amped and MANTL will work closely with our customers, suppliers and employees to make the transition as smooth as possible
